Welcome to our August newsletter. Winter is well and truly here which brings some lovely crisp mornings and sunny days and with the shortest day behind us we can look forward to a little bit more daylight soon. This year has been a challenging time for everyone with COVID-19 and our thoughts have been with everyone affected. The determination, resilience and strength shown in our community has been very humbling. We greatly appreciate all the help and support we have received during this time, especially from our volunteers. All of our regular support groups and programmes are up and running again and it's been nice to see some of you there. You can find out 'What's On' further down in our newsletter.

Please remember you are welcome to phone or drop in and see us at anytime for any support needs or questions you may have.

This year we are excited to be celebrating 30 years of Daffodil Day. It will be our first major fundraising event since COVID-19 and there will be lots happening across our region to celebrate, including during August we'll be sharing 30 stories about Daffodil Day on our Facebook page from our region. We hope you will be able to support our annual flagship fundraiser, that provides hope to those in our community affected by cancer. Daffodil Day is a time when our whole community comes together to raise funds through our annual street appeal.

## Daffodil Day Vintage Car Rally Sunday 23rd August
